In one school district the
trustees are getting the poll tax
paid right along. When they strike
a fellow who is behind a number of
years they offer to pay part of it

This works like a charm, for the
fellow does not like the idea of
having some one to do for him
what he ought to do himself, and
as a rule pays it himself. A few

Our Fertilizer - - Factory - -

Has opened for the season of 1910, and is
making high grade fertilizers. Our old
brands of

S. C. A. GUANO,
BANNER GUANO,
AMAPURE GUANO,

Phosphate, Kainit, etc., are still being made
Our customers have found these to have a
high per cent of plant food—that they make
good crops, and if you have not used them
we suggest that you ask your neighbors
about them.

A NEW BRAND,

Elba Cotton Grower

a high grade goods, is being put up by us
this year. We want you to try it; it has a
higher per cent of plant food than almost
anything commonly sold. It will make cot-
ton better than anything you can get.

What the Test Shows.

The state of Alabama furnishes the farmers a service
they do not use enough—bulletins of what has been
found out about fertilizers by the State Chemists and
special agents of the agricultural department.

The special agents go from place to place and open
sacks of guano and take therefrom samples—the owners
of the guano have nothing to do with it—they cannot say
which sacks are to be opened. These samples are exam-
ined and analyzed by the State Chemists. Last year the
samples taken from fertilizers made by us showed much
higher commercial values than we stated they had. On
one brand it went several dollars more per ton. The
farmers got the benefit of this. Our goods were better
than the guaranteed analysis said that they were. If you
want to read about this, write the Commissioner of Agri-
culture at Montgomery for a fertilizer bulletin.

We intend to keep making high grade goods. We
have no old name or old reputation to sell our goods. We
sell them on the merit of what they have in them. We
want you to buy them this year. YOU CANNOT DO
BETTER.

RACE CLASH FEARED.

Incident in Havana Stirs Up Much
Excitement.

Havana—A strong race feeling has
been engendered by the trouble which
arose at the Hotel Plaza, an Ameri-
can house, over the refusal of the
hardtender to serve drinks to two ne-
gro congressmen. This resulted in
a riot, which, although no one was
seriously injured, made necessary the
calling out of the police reserves.
The clerk of the hotel was arraigned
in the correctional court and fined
\$75.

The incident has caused much ex-
citement and there are grave fears
of a serious race clash.

A Word OF Thanks is in order.

truly thankful for the trade given us as well as for the

give them better values for their money.

This has been the object of our endeavor through the
past year, to give the best values for the least money,
and the steady increase in our daily sales show that the
people appreciate our efforts along this line and that
more and more of them are coming each month to rec-

LONG TERM BEGINS

Former Banker Morse Goes to Federal Prison at Atlanta.

AFFECTING FAREWELL

Former New York Banker Leaves the Tomb to Begin His Fifteen-Year Sentence Imposed for Violating National Banking Laws.

New York—With a supreme effort to be cheerful, but with emotion occasionally getting the better of him, Charles W. Morse has left New York.

CHARLES W. MORSE.

To begin serving a fifteen-year sentence in the federal prison at Atlanta, Ga., imposed upon him for violation of the national banking laws. Before leaving the Tomb, where he has been confined for the greater part of last year, Morse received his wife and two sons, and then newspaper men. He was too affected to say any-

thing, but he handed out a carefully prepared statement of comment on his case. Mrs. Morse did not accompany her husband to Atlanta. Seen at her home Mrs. Morse said: "I am going to Atlanta and I shall probably live there until my husband is released. I will devote all of my time in getting up a petition to that end. In the last two weeks I have received thousands of letters, the writers expressing sympathy with my husband and their readiness to sign a petition in his behalf."

SHE SERVED THE PAPERS.

Cheriff's Wife, in Evening Dress, Made Cold Night Ride.

Nashville, Ill.—A Nashville woman, the only woman deputy sheriff in Illinois, attired in evening dress, after midnight, served legal papers drawn by a woman deputy clerk, that will have an important bearing on the legal differences that exist in the management of a coal company.

Mrs. A. A. Coblentz, wife of the sheriff, and his deputy, was at a society function. An official of the court appeared with injunction papers in his hand. To serve them was imperative and Sheriff Coblentz was out of the city.

Mrs. Coblentz made her excuses, threw her cloak over her décolleté costume and, entering her buggy, faced the cold night wind for a three-mile drive to the home of the man sought. He had retired, but she served the papers.

TAFT COMPLETES MESSAGE.

Interstate and Anti-Trust Laws May Be Amended.

Washington—The president practically has completed the text of the special message which he will send to congress urging amendments to the interstate commerce law and the Sherman antitrust law. In this message the president will embody his recommendations regarding the issuance of Federal licenses to corporations.

After consulting with leaders of the senate and house, the president is said to have reached the decision to include a resolution regarding an amendment to the antitrust law not withstanding the supreme court has yet to pass upon the Standard Oil case, which was brought under the Sherman act.

It is believed the president will follow to a great extent the recommendations of the interstate commerce commission's recommendation in its annual report.
